Mr Tom Short, Acting Director
Superfund Division
U.S. EPA- Region 5
77 West Jackson Boulevard
Chicago, IL 60604

Subject: Concurrence of finalizing the Engineering Evaluation and Cost Analysis (EE/CA) Report
Solvay Coke and Gas Superfund Alternative Site,
311 E. Greenfield Ave., Milwaukee, Wisconsin
WIN 000508215
FID# 241219880

Dear Mr. Short:

This letter is provided by the Wisconsin Department of Natural Resources (DNR) to document the State's concurrence with finalization of the Draft Engineering Evaluation and Cost analysis (EE/CA) Report dated December 10, 2018 for the Solvay Coke and Gas Superfund Alternative site in Milwaukee, Wisconsin. We believe the actions in USEPA's proposed Preferred Alternative are consistent with the requirements of Wisconsin statutes and administrative rules.

The purpose of the EE/CA is to evaluate alternatives for the Non-Time Critical Removal Action. The Department concurs with USEPA's proposed Preferred Alternative at the Solvay Coke and Gas Superfund Alternative site.

Thank you for support and cooperation in addressing the contamination at the Solvay Coke and Gas Superfund Alternative site. Should you have any questions regarding this matter please contact Judy Fassbender at (608) 266-7278.

Sincerely,

Darsi Foss, Director
Remediation and Redevelopment Program
